

KingsView
SCHOOL

the journey begins with belief

exploring future partnership opportunities

The future of the school is bright; it's about considered, progressive and sustainable growth. We would like you to be part of that future.

Belief

In every child

In ourselves to deliver the best possible education to our students giving them the start in life they deserve

In a set of Christian values which are based on love, nurturing, trust and honesty.

help us to build a school for the future

Our Vision

At KingsView we provide an education which goes beyond current thinking. We decided long ago to be leaders, taking time to nurture our students and help them discover their own treasures.

Smaller class sizes, highly skilled and visionary staff along with an ambitious view of how education can evolve, are just some of the qualities which make KingsView so special.

Our School

KingsView School is a non-denominational state integrated Christian school offering a full primary structure as well as a highly successful early learning centre. We have been providing outstanding primary school education to the Wakatipu region for over 5 years. Our roll has experienced significant growth over the past 3 years.

Our Challenge

Located on Yewlett Crescent in Frankton, KingsView's current site can efficiently manage up to 80 students. Given the significant increase in students recently and KingsView's growing recognition amongst the local community, we anticipate KingsView School will reach full capacity within 2 years.

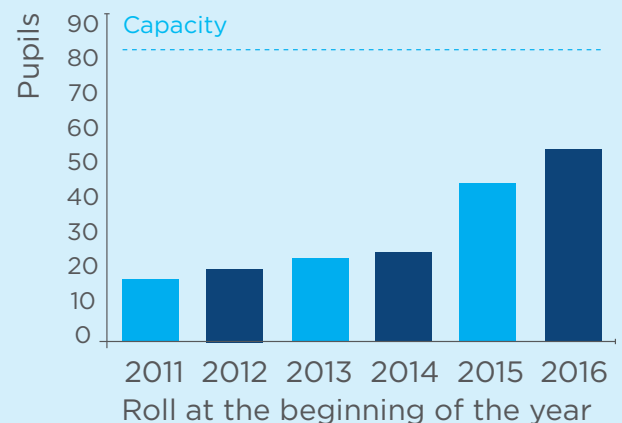

Our challenge is simple: **the current site restricts growth and limits the potential of KingsView's future.**

Our Solution

KingsView School is actively seeking to re-locate to a new site in the Queenstown area so that we can fulfil our vision and grow our primary student roll to between 320-350 over time and support our longer term goal for a high school.

Past evidence and future projections of the population growth in Queenstown gives us confidence that steady roll growth will continue, and accelerate after re-location.

KingsView is more than just a building but the building does need to support our vision.

We need
land for our building
generous donations
low interest loans
in-kind support

From our community. From our supporters. From our friends.

Join us on our journey

Our teachers are passionate and committed to providing a rich learning environment centered on strong Biblical truths. We have a strong and supportive school community built on a solid foundation of history where families care for one another and believe in the school's vision.
